Mr. Michael D. Krebill, F.P.S. Mechanical Engineer
Fike Protection Systems, A Division of Fike Corporation
704 South 10th Street
P.O. Box 610
Blue Springs, MO 64013

Subject: Examination for Possible Approval of the Water Mist System for the Protection of Combustion Turbines, Machinery Spaces and Special Hazard Machinery Spaces with Volumes Up to, and Including, 9175 ft³ (260 m³) (J.I. 3000746)

Dear Mr. Krebill:

This letter is to inform you that all testing on the subject water mist system has been successfully completed and that Factory Mutual Research Corporation (FMRC) is in possession of all required documentation from Fike for this project. All of the documentation has been reviewed and has been found acceptable by FMRC. Final Approval for this water mist system will be granted with the issuance of Component Test Report which should be generated by this office shortly. In the mean time, should you or your clients have any questions pertaining to this Approval, please do not hesitate to call me.

Very truly yours,

A handwritten signature in black ink, appearing to read "R. Ferron", written over a horizontal line.

Richard P. Ferron, P. E.
